

PORT METRO  
vancouver

January 22, 2014

Mr. John Roscoe  
Chair  
Ladner Sediment Group  
28-3871 River Road West  
Delta  
V4K 3N2

Dear Mr. Roscoe:

**Re: Commencement of Dredging in Ladner Harbour - Disposal at Sea Permit No. 4543-2-03589**

Port Metro Vancouver is pleased to inform you, on behalf of its funding partners the Provincial Government and the Corporation of Delta, that local channel dredging in Ladner Harbour Local Channel will commence on or after January 27, 2014, for duration of up to seven weeks. Loading/disposal hours will typically be between 07:00 a.m. and 05:00 p.m. Attached is a notice for distribution as you see appropriate.

Vancouver Pile Driving Ltd. has been selected as the contractor for this work. The contact for this project is Chris Paterson, and can be reached at [cpaterson@vanpile.com](mailto:cpaterson@vanpile.com) or 604-990-0405.

This dredging work is being undertaken as part of the \$10 million initiative for local channel dredging in Ladner and Steveston, being funded by Port Metro Vancouver, the Department of Fisheries and Oceans, the B.C. Ministry of Transportation and Infrastructure, the Corporation of Delta, and the City of Richmond.

Vital channels in the Fraser River in Ladner will be kept navigable and facilitate economic activity as a result of the collaboration between the funding partners.

Thank you for your continued support of this Program.

Yours truly,

Tom Corsie  
Vice-President, Real Estate
